# Special Olympics

The mission of Special Olympics is to provide year-round sports training and athletic competition in a variety of Olympic-type sports for children and adults with intellectual disabilities, giving them continuing opportunities to develop physical fitness, demonstrate courage, experience joy, and participate with their families, other Special Olympics athletes and the community.

The local Bethlehem City and Lehigh County Special Olympics programs provide training and competition in more than 17 sports to about 550 athletes. All training and competition is provided entirely by volunteers and at no charge to the athletes.

## St. Jude Children's Research Hospital

St. Jude Children's Research Hospital is internationally recognized for its pioneering work in finding cures and saving children with cancer and other catastrophic diseases. St. Jude is the first and only pediatric cancer center to be designated as a Comprehensive Cancer Center by the National Cancer Institute. Founded by late entertainer Danny Thomas and based in Memphis, Tenn., St. Jude freely shares its discoveries with scientific and medical communities around the world. St. Jude is the only pediatric cancer research center where families never pay for treatment not covered by insurance. No child is ever denied treatment because of the family's inability to pay. St. Jude is financially supported by ALSAC, its fundraising organization. For more information, please visit [www.stjude.org](http://www.stjude.org).

## How you can help

Stefano's Annual Golf Tournament has raised more than \$298,000 in the past eleven years. All funds raised by this event will be used to support the Special Olympics and St. Jude Children's Research Hospital.
