American Cancer Society

Special Olympics

The mission of Special Olympics is to provide year-round sports training and athletic competition in a variety of Olympic-type sports for children and adults with intellectual disabilities, giving them continuing opportunities to develop physical fitness, demonstrate courage, experience joy, and participate with their families, other Special Olympics athletes and the community.

The local Bethlehem City and Lehigh County Special Olympics programs provide training and competition in more than 17 sports to about 550 athletes. All training and competition is provided entirely by volunteers and at no charge to the athletes.

American Cancer Society

The American Cancer Society is the nationwide community-based voluntary health organization dedicated to eliminating cancer as a major health problem by preventing cancer, saving lives, and diminishing suffering from cancer, through research, education, advocacy, and service.

The local Lehigh Valley chapter is organized to deliver cancer prevention, early detection, and patient services programs at the community level. Volunteers carry out the Society's mission of eliminating cancer and improving quality of life for those individuals facing the disease. These dedicated volunteers donate their time and talents to further cancer research; educate the public about early detection and prevention, and serve cancer patients and their families as they manage their cancer experience.

How you can help

Stefano's Annual Golf Tournament has raised more than \$240,000 in the past ten years. All funds raised by this event will be used to support the Special Olympics and the American Cancer Society.
